

ACCESSORY PRODUCTS

MFM Building Products Corp. manufactures a wide range of innovative waterproofing products for the building industry. Founded in 1961, MFM products are engineered for superior performance and ease of installation.

MFM Low VOC Spray Adhesive™

MFM Low VOC Spray Adhesive greatly enhances and broadens the application temperature range of MFM self-adhering products. Ensures that dirt and moisture will not interfere with a long-lasting bond. Spray application is excellent for use with MFM products. High strength, high tack and VOC compliant. Made in the USA.

Product Number: 90005

14 oz. spray can, 12 cans per carton
Sold by the can or by the carton.
UPC Code: 7 25799 90001 9

MFM Spray Adhesive cannot be shipped via air shipments.

MFM Seam Roller

Improve the surface adhesion with this long-lasting hand roller that is perfect for securing the side and end laps of MFM self-adhering products. The 2" solid steel roller comes with double forks and enclosed bearings for smooth rolling action. Durable wooden handle for years of worry-free use. Made in the USA.

Product Number: 93003

Packaged individually, 6 rollers per carton
Sold by the roller or by the carton.
UPC Code: 7 25799 93003 0

MFM-Approved EPDM Primers

MFM has tested specific EPDM primers for compatibility with our self-adhered products. These one-step cleaning and priming products are not distributed or sold by MFM. Follow the manufacturer's instructions fully before using. MFM recommends using the following brands:

- **WeatherBond™ Multi-Purpose Primer** (weatherbondroofing.com)
- **Mule-Hide® Tape Primer** (available at ABC Supply stores)

MFM-Approved Primers

MFM has evaluated specific primers for compatibility with our self-adhered products. Primers typically create a clean and even surface, which improves adhesion properties. MFM does not sell or distribute these primers. MFM recommends using the following brands of primers:

- **ALCM 17121** (alcm.com)
- **APOC 103** (apoc.com)
- **Bulldog Asphalt Primer** (palmerasphalt.com)
- **Geocel Asphalt Spray Primer** (geocelusa.com)
- **Karnak 108** (karnakcorp.com)
- **Lucas #315** (rmlucas.com)
- **Mule-Hide 121** (mulehide.com)
- **Protecto Wrap Universal Primer** (protectowrap.com)

MFM-Approved Sealants

Products manufactured by MFM utilize a rubberized asphalt (SBS-modified bitumen) adhesive system, which is not compatible with all construction sealant products. The following sealants have been evaluated for use with MFM products. Follow the manufacturer's instructions before using.

- **FutureFlash® Sealant** (tremcosealants.com)
- **Bostik PRO MS 50** (bostik-industrial.com)
- **Geocel 2300** (geocelusa.com)
- **OSI H2U** (ositough.com)
- **Solar Seal 900** (npcsealants.com)
- **XtraBond 95001S20/9500** (premierbuildingsolutions.net)

MFM does not distribute or sell these Primer or Sealant products. For more information, please contact MFM Technical Services at 800-882-7663.
